

Training on Internal Quality Assurance in Southeast Asia 2014-16

Project Plan

Please answer the following questions on one or two pages!

Name of the Project:

1. Describe the objectives and activities of your project that you want to carry out at your university.
2. Describe the time frame and, if possible, already considering key milestones of your project.
3. Which parties are involved in the project and what are their responsibilities?
4. Does the project include a collaborative component with another regional university, national/ regional body or social partner? If so, please describe briefly.

5. What assistance do you need during the training for your project and why?
